MEMORANDUM FOR THE RECORD

SUBJECT: Project AQUATONE - Tax Reporting of Terminated Personnel

25X1A 1. During 1957 two individuals terminated employment with the project and returned to their former employment. [REDACTED] Project Finance Officer requested our advice concerning the proper method for handling the Federal tax reporting of these two persons.

25X1A 2. After discussion with [REDACTED], the undersigned advised Mr. [REDACTED] that this Office recommended the issuance of W-2's so that the individuals might file their own returns without need of any assistance from Agency personnel. [REDACTED] 25X1C

25X1A 3. [REDACTED] reported later that the method suggested for handling the tax reporting of terminated personnel appeared to be not only acceptable but desirable for future use by the project. He requested that he be furnished a copy of our memorandum for the record and related, that if further questions were to arise, a meeting between the undersigned, the Project Comptroller and Project Security Officer would be requested.
